Hey Darryl, this is the first time I've seen this. I'll talk this over with some of my coworkers and see what they think as well. I'm slammed today and have a few conference calls, but I'll get back to you tomorrow after I've had a chance to read through the study.

Thanks,

Dan Connally

Hi Dan,

The CCH did a dilution study for Kailua WWTP (shared outfall with MCBH WWTP). Please see attached. I'm not sure if we sent this to you.

Since the public notice permits were written based on the renewal applications, I was thinking this new dilution study should be evaluated by CWB after the permits are issued. If needed CWB can modify the permits.

Please let me know your thoughts.

Thanks,
Darryl
